

CONDUCTIVE FLOORING MATS

CUSTOMER PERSONALISING

The conductive stacking containers are excellent advertising vehicles given that the company logo can be burnt in or relief moulded on one or more sides.

hot foil printing

CONDUCTIVE FLOORING MATS

The special joining system of parts allows for easy assembly, to facilitate routine cleaning and maintenance programmes. These mats are particularly suitable to the electronics as well as the explosive manufacturing industries.

The material used is a conductive low density polyethelene.
