

ERGO WORK

SWIVEL ARMS PRO SERIES

The Ergo Work **swivel arms** increase the storage space available to the operator on workbenches and trolleys. You can choose between two different types of arms: the first can be installed directly on the **upright** of the equipped wall, while the second is fixed onto the **worktop**. Thanks to its wide rotation angle, the position of the arm can be easily adjusted so as to have everything to hand and make the workstation increasingly ergonomic. Ergo Work can accommodate trays, monitor support plates, solutions with containers and perforated panels.
